Apart from our friendly rehab counselors and a serene environment, we have a unique Christian approach to treatment designed to meet the needs of each client. Call Renaissance Recovery Center today for a free consultation on the ways we can help.

What Is It, and What Does It Offer?

Gospel-centered drug and alcohol recovery includes programs that are designed to take advantage of spirituality, with spiritual belief providing the solace that patients need. ***These programs use both rehab and religious options to help people live a life free from dependency.*** As a Christian alcohol rehab, we believe that a power greater than the individual can help beat addiction.

Benefits of Gospel-Centered Drug and Alcohol Recovery

If you feel that faith is important to you, you are likely to benefit from gospel-centered drug and alcohol recovery programs. A Christian rehab strives to ensure that you feel comfortable in the environment they provide at the facility. ***There is also a good chance you will feel more support through gospel-centered programs, a factor that is important in helping to maintain long-term sobriety.***

Another benefit you will enjoy is that you will enroll in a program with people who share the same core beliefs as you. This makes it easier to share struggles and experiences as well as draw encouragement from each other. In the end, your beliefs will be strengthened, and your desire to become sober renewed every time. With a faith-based rehab, patients have newfound happiness, no longer regret past decisions, can be of help to others, let go of self-pity and no longer fear people, things, and places.

What to Look for in a Gospel-Centered Rehab Program

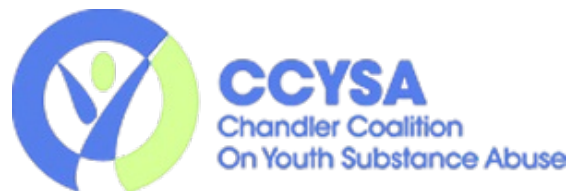

While a number of factors contribute to recovery, there are several things you will want to consider when assessing a gospel-centered rehab program. These include the treatment options offered at the facility, the faith basis, as well as how the center incorporates spiritual principles. Taking into account these factors will help you determine whether the center is right for you and if you are likely to benefit from the programs and services they offer. It is important to remember that faith-based rehab is not for everyone. If you are uncomfortable at the mention of spirituality or are focused solely on treatment methods, you can explore the numerous secular options available.
