## Understanding the Signs and Symptoms of Addiction

If you have a loved one that you believe is struggling with addiction, then you need to be able to recognize the signs and symptoms of this disease. The sooner they are recognized, the faster they can receive the help they need. Some of the most common signs of addiction include:

- Obsessive thoughts and actions with a singular focus
- A reckless disregard for the consequences
- A total loss of control in the face of drug use
- Trying to hide drug and alcohol use
- Looking physically unkempt
- Overlooking daily obligations
- Emotional lability

These are all signs that someone could be struggling with alcoholism, drug abuse, and addiction.

## Treatment at Renaissance Recovery Center

---

At Renaissance Recovery Center, we provide an intensive outpatient treatment program that is based around faith. We know that with the proper support from trained professionals, we can help everyone recover. We provide a 90-day program that is run by licensed, experienced drug addiction and abuse counselors.

We use one-on-one sessions, group sessions, family therapy programs, and more to ensure that every treatment program is tailored to meet the needs of our patients. In addition to an intensive outpatient program, Renaissance Recovery Center provides numerous other services to our patients in Maricopa AZ as well. A few of the services that we provide include aftercare programs, family programs, support options, and even interventions. We encourage all of our patients to take advantage of all of the services that we offer.
